

# MP CABLE REEL

Mission ready for extreme conditions

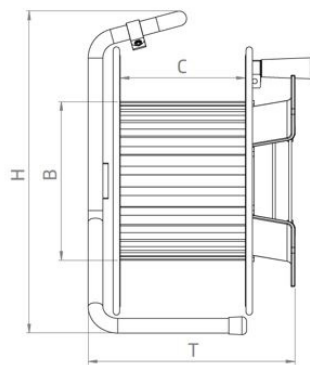

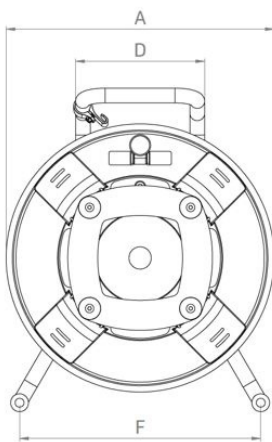

v1.1, 2024-11-21

Cable drum made of sheet metal with auxiliary spool for storing and safely transporting all types of lines and wires.

Connector from reel centre is parked in a two-story rubber cloth shelf system. Accessible from multiple angles. Connector from reel perimeter attaches with a plastic hook fitted on the handle, via dust-cap wire. The reel is locked in position with a rotation brake on the reel backside.

## Features

- Cable reel for harsh environments
- Can be designed according to customers specification
- Combat proven
- Storage temperature -40°C to +70°C
