TIME AND SPACE SAVING

The fiber optic modular system is designed for the customer's needs. With the slim design and easy handling, it is ideal to install in data centers. The modular system can be expanded without disconnecting the already connected fiber.

The fiber optic modular system from Micropol is a flexible solution that saves time and ensures quality requirements.

Like all products at Micropol, the fiber optic modular system holds a high standard to secure the future with higher demands of uninterrupted communication.

Equipped with transparent dustcaps which makes it easier to detect errors. All fiber optic connections from Micropol are individual tested prior to delivery and protocols are always delivered with the product.

FEATURES

- Tailor-made, 2–192 fiber with wide range of connectors according to the request of the customer.
- LC, SC, MTP or other connectors of your choice.
- User friendly, easy to install and slimmed design makes it easy to handle.
- Cable selection: ribbon, loose tube or UD (0,9 mm).
- Insertion loss < 0.2 dB.
- Return loss > -55 dB (UPC).
- Return loss > -65 dB (APC).

MEASUREMENT

	Height	Width	Depth
Mainframe 19"/4	44mm	440 mm	230 mm
Modul	36 mm	105 mm	118 mm

WE ARE MICROPOL

TECHNOLOGY LEADER IN PASSIVE FIBER OPTICS

At Micropol we combine unique design and production technology to offer more complex and compact solutions for passive fiber optics. Our work is of extreme high precision and we are known for providing short lead times, high quality and customized applications.

Regardless of the application, we have the knowledge and the capacity to manufacture the product needed – either according to the customer's specification or as a specially tailored solution. All our products are manufactured in our own facilities.

Our customers are found in a large variety of markets where advanced fiber optic solutions are crucial. Our products are used in a whole range of technologies, from complex fiber optic networks for telecom and data communication, to advanced sensor systems for industrial (e.g. mining, forest and offshore), medical and military applications.

Made to last a lifetime

We are proud to be a vital link between the information community of today and that of the future. We have always built our success on long term relations, knowledge and solid craftsmanship to provide the highest quality and the best service. Solutions made to last a lifetime.
